

*Youth Charity Foundation Thailand
Sponsor a child today!*

Sponsors will receive biannual updates of their sponsored child in the form of a written letter.

Our Mission

Youth Charity Foundation's projects cater to children whose lives have been affected by AIDS and Drugs. YCF aims to provide them with a safe home and equip them with a good education, in order to enhance their quality of life. Most importantly, we want to impart Christian values to our children by preaching and teaching God's word and love.

Our Vision

Our vision is for every heart to be inspired to love and serve others and be turned toward God. That one day, the vicious widespread of HIV/AIDs and the abuse of drugs would be eradicated. We want to see an equal standing of minority groups in the society.

About Youth Charity Foundation Thailand

Youth Charity Foundation Thailand (YCF) seeks to provide an access to education for each child in our organization, apart from provided a safe shelter and home to children whose families are unable to be care for them due to the impacts of HIV and AIDS. YCF believes that when a child receives good and proper education, the child will prosper as the child will be able to reap the benefits of receiving good quality education and better the quality of their future. We fight hard to ensure that each child is enrolled in school and that the child is provided with the best, regardless of the child's previous circumstances.

For each child, we are seeking sponsors to journey with them through their education, until they graduate with the highest possible education. It is important for us to gain your support and love for these children as we will not be able to send them to schools to receive an education if not for generous and kind people, like yourself. By helping send them to school and to ensure their schools fees and expenses are met, it will help us greatly. The education sponsorship program that YCF is proposing is on a yearly basis (*based on the school term of the school*), where we need 2500 baht per month to ensure that the child's education is secured. We will send updates twice a year, where sponsors will receive information of their sponsored child's academic results and in the form of a handwritten letter from the child. This is so as we want to ensure that the child knows who is supporting them and for them to be accountable and responsible students in school, to give their best in their studies and in all that they do.
